From the East

Greetings Brethren,

Sending good wishes and prayers to you all from the East! I want to thank you all for your continued support this year. We've already lost a few brothers this year and I would love for you to keep their families in your thoughts and prayers.

I'm very grateful to have such a strong line behind me getting ready to move forward this fall. Thank you brothers for your dedication and hard work. We will be testing for the Bronze April 21. We will proceed to practice diligently for the Silver in June.

As many of you know our building is 20 years old and is coming to the point in its life where we are going to need to make some small improvements throughout the year, along with a few major improvements to keep it looking as nice as it is. This is going to be no easy task as it is for any lodge. We really need to come together and make decisions about the roof and floor.

It's great having the fellowship with you all, but take on this one challenge for your lodge. Bring a brother or two with you to lodge. If we can accomplish this we have then doubled the seats in a meeting. Reach out, even if it's to just say hi brother, how you been?

I leave you with this,

May brotherly prevail, and every moral and social virtue cement us!

WB Bill Bainter

Worshipful Master

TRL 680

Table Rock 680 Takes the District Gavel

The brethren of TRL 680 traveled to Central Crossing Lodge 674 on March 3, 2026 and took back the traveling gavel. Was a great night. Congrats to Central Crossing Lodge 674 for passing their Bronze Medal the same evening.

Pancake Breakfast

Our Pancake breakfast was held on Sunday March 8, 2026. We had 42 people come out and made \$390 dollars for the general fund. Our next breakfast will be Sunday April 12, 2026 from 8am to 11am. Our cost is

still just \$10.

Annual DDGM DDGL Visit

The annual visit RWB Subbie Bemis and RWB Nick King will be held on Tuesday March 23, 2026 at our regular meeting. We will eat at 6pm and Work at 7pm.

Upcoming Building Work

Brethren, we have a couple of maintenance issues that we will be addressing in the next couple of months. We are re-doing the plumbing under our sink in the kitchen. The lines are clogged again on the left side of the pipes. That project is under way. After 20 plus years we will need to replace our gas water heater. The building committee is looking into costs to get a new one. Also, our foundation is getting cracks, and we are losing our tiles on the floor. The building committee is also looking into the cost and building a plan for our brothers to help us spread a new floor. We will also use compounds to level our floor again. If this is a project you would like to help with, or contribute to, we would love to hear from you!

**Upcoming Date for Bronze Ritual Test
April 21 2026. Come out and join us!**
